INTEREST SLIGHT IN SCHOOL ELECTION

Frank Stratford, Frederick Barker and
John Halls Elected Trustees for
Ensuing Term.

Ogden, Dec. 8.—The school election
in this county passed off very quietly
yesterday. But small interest was
shown in districts with a three
year term. The successful candi-
dates were:

First District—Frederick Barker.
Third—Frank Stratford.
Fifth—John Halls.

Mr. Stratford was elected without
opposition.

The vote received by Barker in the
first district was as follows: Stan-
ford, 53; Hart, 17; Pleasant
view, 10; North Ogden, 139. Total,

the following vote: Randers, 7; Har-
vey, 106; Pleasant View, 90; North

the aid of a skeleton key, and that the
key which belonged to the door had
been pushed through and was found
hanging from the lock. None of the
family were at home on Wednes-
day night and thus far the officers
have no clue in the matter.

ATTORNEYS FILE SUIT FOR FEES ALLEGED DUE

Ogden, Dec. 9.—To recover \$300 al-
leged to be due for services rendered
as legal advisers at the time of the
death of her husband, George Halver-
son and Arthur E. Pratt, partners in
a law firm, have filed with the dis-
trict court against Mrs. Mary I.
Croft. The complaint alleges that
during the month of July of this year,
following the death of George Halver-
son, the plaintiffs represented the
estate and value such services in the
sum named. George A. Croft, husband
of the defendant, while employed as
a cable splicer for the Rocky Mountain
Bell Telephone company, came in
contact with a high voltage live wire
and died. The light and power com-
pany and was instantly killed. Later a
settlement was made between the
company and the light and telephone
companies by which Mr. Croft received
\$4,500.

MANY DIVORCE SUITS IN DISTRICT COURT

Ogden, Dec. 9.—Lewis P. Stone, de-
fendant in a divorce action recently in-
stituted by his wife, Amelia Stone, has
filed an answer and cross-complaint
in which he enters a strong denial
that he is an habitual drunkard, al-
though he confesses to frequently
imbibing in the offending cup. Stone
further states that his realty located
in Ogden, is not worth \$5,000, as al-
leged by his wife, but believes that \$4,000
is a reasonable valuation. The couple
were married at Ogden, Feb. 14, 1881,
and there are eight children, three of
whom are minors. Stone charges his
wife with a violent temper and states
that she uses profanity and has been
the cause of breaking up their home.
One boy, Stanley Stone, recently ran
away from home because of the ill
treatment of his mother. It is further
alleged that in August of 1909, Mrs.
Stone left home and went to Mil-
waukee, remaining until July of this
year. Stone asks that he be given a
divorce and general relief.

port, April 8, 1908, Harriet M. Lamont
has filed action for divorce in the dis-
trict court from Benjamin Lamont, her
husband, whom she married at Ogden, Feb. 14,
1907. Since her husband deserted her,
Mrs. Lamont alleges that she has been
forced to earn a livelihood by doing
laundry work and other manual labor.
She asks for \$50 attorneys' fees and
her costs.

Alleging desertion, failure to pro-
vide, extreme cruelty and other
causes of a sensational nature, Lillie
Cottam has filed action for divorce
in the district court against John Cot-
tam. The couple were married at
Ogden, June 2, 1891, there being three
children, two of whom are minors. This
complaint alleges that on Sept. 23,
1907, at Stone, Ida, Cottam deserted
himself and on that night he kept
unusual hours with one Mary Ann

Wade, even making love to her in the
presence of his wife and daughter and
other persons. When Mrs. Cottam
remonstrated her husband used the
names of her husband, stating that the
Wade woman was better than she.
Mrs. Cottam asks for general relief
and her costs in the suit.

SHERIFF ON TRAIL OF BLACKMAILERS

Second Attempt to Extort Money
From Residents of Utah
County.

(Special Correspondence.)
Provo, Dec. 9.—Sheriff Judd is investi-
gating an attempt to extort money from
Everett Okelberry, of Goshen, who is em-
ployed in Wm. Okelberry's store in Goshen.
He received a letter a week ago,
postmarked Eureka, in which a demand
was made on him to deposit \$100 in a
tin can, which had been placed by the
writer in a pile of rocks on the out-
skirts of the town. The letter threat-
ened to blow up the store if the money
was not forthcoming, and in the event
of the money not being deposited after
the store had been destroyed, then the
Okelberry's family would be killed, be-
ginning with his youngest child. The
matter was reported to Sheriff Judd,
who made an investigation. The can
was found as described in the letter,
and hoof prints of two horses and foot
prints of two men were found near
there, but so far the writer of the
letter has not been found, although

COUNCIL ACTS ON COAL QUESTION

Resolution Adopted Authorizing City
Attorney to Confer With Attorney
General to Seek Relief.

Logan, Dec. 8.—The city council met
in regular session last evening, passing
the following resolution relative to the
coal situation, doing so at the sugges-
tion of City Recorder Rives of Salt
Lake City:

Resolved, that the city attorney is
heretofore requested and instructed in
half of Logan city, to advise with the
secretary of state and attorney-general
in regard to the combination which has
been formed to control the coal supply
of the state, and if such combination is
believed to be illegal, to urge said offi-
cials to take the necessary action to
dissolve such combination and punish
the members thereof as the state law
provides.

The councilmen expressed themselves
as willing to co-operate in any move-
ment that will bring a reduction in the
price of coal.

There is something of a hitch in the
council because of the refusal of some
of the members of the streets com-
mittee to sign the bills that came up to
the committee. Mr. Quayle protested
that he had not been consulted about
the work done on the streets and there-
fore deemed it best to enter his protest
by refusing to sign the appropriation
bills. City Recorder Mac Benson in-
terested himself in the matter to the
extent of securing an appropriation for
the work on the streets so that the
city might have some money for
Christmas. She prepared a separate roll
with the names of the men only upon it
and the council finally passed this, but
all the rest of the bills were held up.
The chairman of the committee on
streets was ordered to discontinue all
work on the streets at once, and this
action will likely lead to further
friction.

The ordinance granting the franchise
for a gas plant to R. L. Campbell was
finally passed.

The mayor and finance committee
were authorized to negotiate a loan
from the state land board of \$5,000 at
6 per cent interest, so that the city may
be able to meet its share of the im-
mediate sewer expense. The matter of
further increasing the fire-fighting force
of the city was referred to the com-
mittee on police and fire with in-
structions to bring in a report and rec-
ommendations as to the help needed
there and other improvements.

Logan, Dec. 8.—Yesterday was par-
ents day at the Whittier school of
this city and after a large number of
the patrons of the school had spent
the day in noting the work being done
there, there was a meeting held at
the school building, at which the board
of education made addresses that were
of some importance. Mr. Moynex dis-
cussed the matter of the improvement
of the school curriculum, a matter that

was brought before the local public
by Mrs. J. A. Widtsoe recently, and
some of the criticisms of the lady
frankly admitted, however, that the
curriculum had been framed largely
to provide the requisites for entrance
to the high school, when as a matter
of fact less than 10 per cent of the
children ever get beyond the eighth
grade, and he thought there should
be some reform along that line.

Dr. Thomas made it very plain to the
parents that more room will have to
be provided for the city schools in the
immediate future, as there has been an
unusual increase in the attendance
during the past four years, no less
than 400 names having been added to
the lists in that time, 200 of them
within the last year. The doctor ad-
vanced the idea of building a new
central school for the seventh and
eighth grades alone and receiving ad-
mission of those grades to attend this
school, leaving the other schools for
the lower grades. He thought this
would serve to relieve the strain on
some of the colleges where boys enter
because they do not like to attend a
school where there are small chil-
dren. Dr. Thomas took occasion to de-
ny in very emphatic language the
statement made by a prominent citizen
of Logan recently that "the school
board were a lot of cheap politicians
who made political standing the prime
requisite in the examination of teach-
ers." He said that nothing more false
had ever been said, and that he knew
the politics of but two teachers
in the entire force of instructors in
the city.

Mr. Cheeny, Mrs. William—At Fair-
view, Utah, on Dec. 6, 1910, Mrs. Wil-
liam Cheeny, one of the prominent young
women, was called to depart this life,
leaving a husband and eight children
to mourn her loss. Mrs. Cheeny has
been suffering with a light case of ty-
phoid fever for several days, but was
able to be out of bed until three days
previous to her death. She became
suddenly worse until death relieved
her sufferings.
